To whom it may concern

Świnoujście, 9th December 2024

Subject: Letter of recommendation for Jobtech Sp. z.o.o.

Dear Sirs,

We herewith confirm that Jobtech team have been providing support to TGE Commissioning/Start-up (CSU) Team on LNG Terminal expansion project in Świnoujście, Poland as from September 2024 to date.

The brown field Project involved the addition of the following facilities to existing LNG terminal:

- New LNG storage tank with capacity 180,000 m3
- Boil Off Gas Pipeline Compressors
- New Jetty with offloading/loading LNG arms for large and small scale LNG vessels
- LNG bunkering module
- Utilities, power distribution, instrumentation and automation as well as other support systems

Team of 7 Jobtech personnel worked on shifts as facility operators/mechanical technicians during the following CSU activities:

- Drying of LNG storage tank to specified dew point of inner tank, interspace and bottom insulation layers
- Cleaning and drying of LNG piping to specified dew point
- Inerting of LNG storage tank and piping to specified Oxygen level for safe introduction of Natural Gas/LNG
- Pre-cooldown with Liquid Nitrogen and cooldown with LNG of LNG piping and storage tank
- Start-up of process systems, functional tests and tests of guaranteed parameters
- Other activities, like punch items clearance and as hoc mechanical interventions

Jobtech team demonstrated strong ability to work in a multinational and multicultural team in cooperative and professional manner, with excellent performance of responsibilities. The feedback we received from CSU Team members, Vendors and Client is consistent and provides evidence of excellent quality.

Jobtech services can be recommended for consideration on other LNG projects as well as similar cryogenic services in the petrochemical industry.

Kind regards

TGE Gas Engineering GmbH
